EXAM DESCRIPTION

RUCKUS AI™ Implementer accreditation demonstrates your ability to describe and deploy Ruckus ICX routing and switching hardware and software in a production environment.

TARGET AUDIENCE

This certification is designed for network implementers and system administrators tasked with installation, configuration and basic operation of Ruckus ICX networking equipment.

SKILL & COMPETENCY

Before taking the exam, you should master the critical competencies and experience covered in the following courses/curricula:

[ICX 150- Ruckus ICX Implementer](#)
[Ruckus Routing and Switching Protocols](#) (*pre-requisite*)

The RICKI Accreditation, along with an understanding of Layer 2 routing and switching protocols, is a pre-requisite to the Ruckus Certified Network Implementer (RCNI) Certification.

CERTIFICATE AND DIGITAL BADGE

Passing this exam confers the **Ruckus ICX Implementer (RICKI) Accreditation** credential.

Credentials are delivered directly from [Accredible](#) within 5 to 7 business days of passing the exam.
